5 Colorways

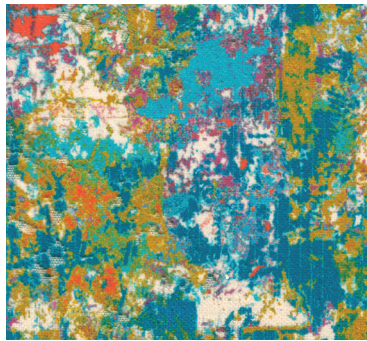

Free of Added FR Chemicals / PFAS Free

The Burch Design Studio presents Claude, a luxurious printed velvet that captures the spirit of impressionist artistry. Inspired by the painterly softness and layered movement of Monet, Claude evokes color in motion, where texture and tone blend seamlessly to create depth and quiet intrigue.

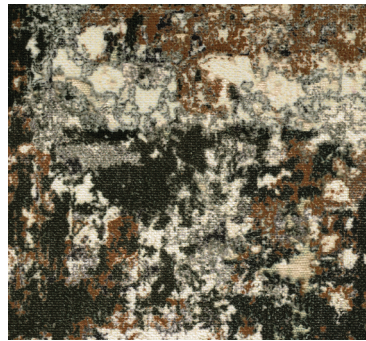

Available in five distinctive colorways, Claude moves from moody, mineral-driven palettes to vibrant, expressive bursts of color. Elevated, artistic, and undeniably modern, Claude is designed for spaces that value beauty and individuality.
